make it execute JavaScript of your choosing. You can take actions inside
the vulnerable window or directly edit its URL bar.
Mission Objective
Inject a script to pop up a JavaScript alert() in the frame below.
Once you show the alert you will be able to advance to the next level.
Advance to next level >>
Your Target
xss-game.appspot.com
Congratulations, you executed an alert:
HELLO
You can now advance to the next level.
OK
Target code (toggle)
Hints 0/3 (show)
